International Organizations at Geneva**

**Permanent Mission of Ireland  
To the United Nations Offices and other  
International Organisation at Geneva**

Geneva, 29 March, 2012

Excellency,

As joint coordinators on clearance and risk reduction, Lao PDR and Ireland, have the pleasure to send you an outline of our intended structure for the session of the CCM Intersessional Meeting dealing with clearance and risk reduction. This session will take place on Tuesday 17<sup>th</sup> April from 10.00 to 13.00.

In our role as Coordinators we would particularly welcome the input and participation all delegations in the session which we will be jointly coordinating. The insights and experiences gained by states, whether as affected states or as a provider of assistance in clearance, would be an invaluable contribution to developing a better understanding both of the scale of the challenge of clearance of cluster munition remnants and of the different and innovative approaches being adopted to deal with the challenge of cluster munition remnant clearance.

Lao PDR and Ireland hope that your delegation will be in a position to attend the CCM Intersessional Meeting and to participate in and provide input to the session. In the attached outline we have indicated some of the themes on which we would value your input.

Please accept, Excellency, the assurance of our highest consideration.
