Proposal by Peru for the amendment of Article 2

For the purposes of this Convention:

“Cluster munition” means a munition that is designed to disperse or release explosive sub-munitions, and includes those explosive sub-munitions. It does not mean the following:

(a) a munition or sub-munition designed to dispense flares, smoke, pyrotechnics or chaff;

(b) a munition or sub-munition designed to produce electrical or electronic effects;

(c) a munition or sub-munition which has the technical characteristics that allow to limit the area affected and reduce the risk of UXO contamination;
