Proposal by the United Kingdom for the amendment of Article 7

1. Each State Party shall report to the Secretary-General of the United Nations as soon as practicable, and in any event not later than 180 days after the entry into force of this Convention for that State Party, on:

   a) The national implementation measures referred to in Article 9;

   b) The total of all stockpiled cluster munitions owned or possessed by it, or under its jurisdiction or control, to include a breakdown of their type, quantity and, if possible, lot numbers of each type;

   c) To the extent possible, all other cluster munitions that are stockpiled on its territory;

   d) The technical characteristics of each type of cluster munitions produced, to the extent known, and those currently owned or possessed by a State Party, giving, where reasonably possible, such categories of information as may facilitate identification and clearance of cluster munitions; at a minimum, this information shall include the dimensions, fusing, explosive content, metallic content, colour photographs and other information which may facilitate the clearance of cluster munition remnants;

   e) To the extent possible, the location of all areas that contain, or are suspected to contain, cluster munition remnants, under its jurisdiction or control, to include as much detail as possible regarding the type and quantity of each type of cluster munitions in each affected area and when they were used;

   f) The status of programmes for the conversion or de-commissioning of production facilities for cluster munitions;

   g) The status of programmes for the destruction, in accordance with Article 3, of cluster munitions, including details of the methods which will be used in destruction, the location of all destruction sites and the applicable safety and environmental standards to be observed;

   h) The types and quantities of cluster munitions destroyed in accordance with Article 3, including details of the methods of destruction used, the location of the destruction sites and the applicable safety and environmental standards observed;
i) Stockpiles discovered after reported completion of the programme referred to in paragraph 7h;

j) The types and quantities of all cluster munitions remnants cleared and destroyed in accordance with Article 4, after the entry into force of this Convention for that State Party, to include a breakdown of the quantity of each type of cluster munitions remnants cleared and destroyed;

k) The measures taken to provide risk education and, in particular, an immediate and effective warning to civilians living in areas under its jurisdiction or control in which cluster munition remnants are located; and

l) The measures taken in accordance with the provisions of Article 5 to adequately provide for the medical care and rehabilitation, psychological support and social and economic inclusion of victims of cluster munitions as well as to collect reliable relevant data.

m) In addition, each State Party shall provide the name and contact details of the institutions mandated to provide information as described in this Article and of the institutions mandated to carry out the measures described in this Article.

n) The total number, types and locations of cluster munitions kept under the provisions of Article 3, paragraph 6.

2. The information provided in accordance with this Article shall be updated by the States Parties annually, covering the previous calendar year, and reported to the Secretary-General of the United Nations not later than 30 April of each year.

3. The Secretary-General of the United Nations shall transmit all such reports received to the States Parties.
