Afghanistan and CRPD continue...

- The Handbook for parliamentarians on CRPD and its optional protocol published

- GUIDANCE DOCUMENT (Effective Use of International Human Rights Monitoring Mechanisms to Protect the Rights of Persons with Disabilities) of IDA published

- Advocacy Committee on the Rights of persons with Disabilities (ACPD), Civil Society, Stakeholders and relevant ministries are continually advocating for implementation of CRPD
Afghans celebrating their CRPD membership
CRPD and VA/disability document

• The enforced Law on the rights and Benefits of Disabled Persons developed based on CRPD principles

• The law included the mine/ERW survivors as the beneficiaries by providing services including the financial support

• Currently the disability law is under amendment to be fully in line with CRPD principles
Afghanistan National Disability Action Plan (ANDAP)

• ANDAP ended by 31st December 2011 – it is developed to address the rights and needs of PWD including mine/ERW survivors within the framework of Afghanistan National Development Strategy (ANDS) and APMBTC

• ANDAP has 8 components:
  1. Understanding the extent of the challenge (data collection);
  2. Emergency and continuing medical care;
  3. Physical rehabilitation;
  4. Psychological support and social reintegration;
  5. Economic reintegration;
  6. Community based rehabilitation;
  7. Inclusive education; and,
  8. Laws and public policies

• ANDAP 2013 – (2017) is being developed in line with the CRPD principles
Current status of ANDAP

• Afghanistan initiated the development of National Policy for Persons with Disabilities prior to revision of ANDAP,

• The National Disability Policy is under development, led by the deputy minister of MoLSAMMD

• ANDAP is being reviewed jointly by VA and Disability stakeholders
Available Services

- Physical Rehabilitation services have been integrated into the MoPH Basic Package of Health Services and the Essential Package of Hospital Services, which health programmes implementing in all provinces.

- New guidelines for those services include:
  - awareness raising on disability rights,
  - identification of persons with disabilities,
  - early childhood development milestones.
Available Services

• Standard data collection forms, staff terms of references and minimum requirements for equipment, staff and facilities

• National Disability Institute has been built to provide support to persons with disabilities, under the management of MoSALMD
Challenges

• Funding in government and less donor
• Insufficient capacity in government
• Sustainability
• M&E of programs
• Weak UN presence in disability program
• Female professionals and less professional in rural areas
• Data collection
Thanks
