DUBLIN 19 – 30 MAY 2008

Proposal by Peru for the amendment of Article 2

For the purposes of this Convention:

“**Cluster munition**” means a munition that is designed to disperse or release explosive sub-munitions, and includes those explosive sub-munitions. It does not mean the following:

- (a) a munition or sub-munition designed to dispense flares, smoke, pyrotechnics or chaff;
- (b) a munition or sub-munition designed to produce electrical or electronic effects;
- (c) **a munition or sub-munition which has the technical characteristics that allow to limit the area affected and reduce the risk of UXO contamination;**
