

Intervention of the Czech Republic

UNIVERSALIZATION

Thank you Mr. Chairman,

Mr. Chairman let me update this forum on the state of the ratification process of the Convention on Cluster Munition in the Czech Republic. As a precondition for the ratification of the Convention on Cluster Munitions in the Czech Republic, a prior consent by both chambers of the Parliament needs to be obtained. The Senate and Chamber of Deputies have already expressed their consent recently. Now I can say that only one and the last step to complete this process remains, which is the signature of the President of the Czech Republic. I am pleased to tell you that it should be done this summer.

Thank you Mr. Chairman
