CCM TRANSPARENCY MEASURES CONCEPT NOTE

Enhancing Implementation of Action 6 of the Dubrovnik Action Plan (Transparency Measures) up to the 9th Meeting of States Parties (9MSP)

1. Background to Work Plan Context

The Convention on Cluster Munitions (CCM) is a legally binding international treaty that comprehensively prohibits the use, production, stockpiling and transfer of cluster munitions. Cluster Munitions are unacceptable for two main reasons: - firstly, they have wide area effects and are unable to distinguish between civilians and combatants and secondly, their use leaves behind large numbers of unexploded ordnance which continue to kill, injure and maim civilians, obstruct economic and social development for years after use.

To guide States Parties effectively implement the Convention during the period 1 January 2016 to 31 December 2020, States agreed to the five year Dubrovnik Action Plan (DAP) at the First Review Conference of States Party to the CCM. The DAP elaborates the priorities established by the States Parties through the various actions to be undertaken and the expected key results to be derived from these actions. Transparency Reporting on implementation of the CCM is the DAP's Action 6 and will provide the primary basis on which the outlined objectives of this concept note's activities will be derived.

The purpose of Action 6 of the Dubrovnik Action Plan (DAP) is to encourage States parties to fulfill their reporting obligations in time, both initially and annually; it stipulates the main actions that States have to undertake to make practical use of reporting both at formal and informal fora and that these actions will by the 2nd Review Conference of the Convention in 2020 have resulted in an increase in the use of the reporting template as well as in the rate of timely submissions of Article 7 reports that are of improved quality.

As of 24th October 2018, **13** States parties have still not submitted their initial transparency reports while **2** new States Parties, Namibia and Sri Lanka, have initial reports due in 2019.

- Increased rate of timely submission of the annual reports in accordance with DAP Action 6.1;
- Increased practical use of reporting in accordance with Action 6.2.

3. Strategy

- Write to one new State Party by 1 May 2019 to remind of initial report due date of 1 August 2019;

- Follow up with States Parties that letters were sent to through bilateral meetings (in capitals, Geneva and New York in the margins of other disarmament meetings);
- Work in partnership with Coordinator on National Implementation Measures to include a paragraph on Article 9 in the reminder letters;
- Cooperate with other thematic coordinators and request them to remind States Parties they are following up on to submit timely reports;
- Continue outreach to heads of disarmament departments in target States as well as national disarmament reporting focal points;
