## What does it say?

**Article 7.1 of the Convention on Cluster Munitions (CCM)** states that “Each State Party shall report to the Secretary-General of the United Nations as soon as practicable, and in any event not later than 180 days after the entry into force of this Convention for that State Party”

**Article 7.2:**” The information provided in accordance with paragraph 1 of this Article shall be updated by the States Parties annually, covering the previous calendar year, and reported to the Secretary-General of the United Nations not later than 30 April of each year.”

## And the Dubrovnik Action Plan?

**Action 6.1 of the Dubrovnik Action Plan** states that “States parties will fulfil their obligation to: (a) **Provide initial transparency reports** under Article 7 within the timeframe stated by the Convention, especially as the initial reports are key for establishing the benchmark against which progress will be measured. (b) **Provide annual transparency reports**, taking full advantage of the reporting process maximizing their potential as a tool for assistance and cooperation in implementation of the Convention, particularly where States parties must take action to destroy stockpiled cluster munitions, clear cluster munitions remnants and assist victims or take national implementation measures referred to in Article 9”.

## Why Report?

Transparency Reporting is a key obligation under the Convention which is a vital indicator of the overall health of the Convention. It establishes a benchmark against which implementation progress is measured and evaluated. It also provides States Parties with a practical tool for requesting and providing requisite assistance and cooperation in implementing the CCM. Reporting demonstrates efforts applied by individual States Parties’ in fulfilling their obligations and affords them an opportunity to share updates on implementation progress and to communicate any challenges they may be facing in complying with obligations under the Convention.

## How to Report?

States Parties can submit their initial and/or annual transparency report using one of the six official languages of the United Nations. The recommended CCM Article 7 reporting templates can be found on the United Nations website <http://bit.ly/2AXvJL4> as well as on the CCM website <http://www.clusterconvention.org/documents/transparency-reports/>

## When and to Whom to Report?

Each Article 7 report shall cover the previous calendar year (i.e. 1 January through 31 December), and must be submitted to the United Nations Secretary-General **no later than 30 April** of the following year at:
