

DELEGATION OF JAPAN
TO THE CONFERENCE ON DISARMAMENT

**Statement delivered by Minister NAMIOKA Daisuke, Deputy Permanent
Representative of Japan to the Conference on Disarmament
at the Third Review Conference of the Convention on Cluster Munitions
Review of the operation and status of the Convention and other matters
important for achieving the aims of the Convention
(International cooperation and assistance)
14 -18 September 2026, Vientiane, Lao People's Democratic Republic**

Thank you, Mr. President,

We commend you and the Coordinators for your dedicated efforts in promoting international cooperation and assistance.

As a State Party to the Convention on Cluster Munitions and other relevant treaties, and from the perspective of the humanitarian–development–peace nexus, Japan actively engages in international cooperation on mine action and responses to explosive remnants of war. Specifically, through bilateral assistance and cooperation via international organizations- covering clearance, victim assistance, and risk education- Japan, in fiscal year 2025, implemented support totalling approximately 59 million US dollars across 15 countries and regions.

We will continue to make every possible effort to ensure that our assistance is truly needs-driven, including through consultations among States Parties—such as at the CCM Meetings of States Parties—and through direct needs assessments on the ground.

Thank you.
